

RESUME

Maggie Tsou

DOB: 2/13/1990

My name is Maggie and I was born in Taiwan. At the age of 10 my family and I moved to California in the United States. From there I attended in elementary school, middle school, high school, and college at California State University, Long Beach. After my studies I returned to Taiwan to pursue a career in the art and design field, as well as further improve my native language skill which is Mandarin. While my expertise lies in art and design, I do not limit myself to that field only. I strive to challenge myself with new breakthroughs and other career opportunities outside of my expertise.
